iProtect Multi-Channel Detector for Wireless Protocols (Item: DD1207)

Designed as a Smartphone and GPS detection devices the DD1207 offers highly sophisticated portable detection in an easy to operate handheld scanner. Capable of detecting the most common digital cellular frequencies, the system offers the ability to adjust the antenna sensitivity while either scanning the entire frequency spectrum or simply scanning one spectrum at a time, such as GSM.

Features:

iProtect Premium handheld device. Easily know exactly what you frequency you have detected!

- 6 channels of detection for different kinds of protocols
- Detection of GSM/CDMA/3G/4G
- Detection of Bluetooth/Wi-Fi/Wi-Max
- Can be used for tracing both regular sources and illegal eavesdropping devices
- 6 bar graphs with 10-segments each, for accurate location of RF sources
- 4 modes: Silent, Vibration, Visual and Listen
- 2 levels of sensitivity (attenuator)
- Extra display shows which signal type has been detected
- Durable metallic body
- Microprocessor controlled
- Setup mode with selection the threshold level for vibration.
- 1 year warranty

Detect the following kinds of bugging devices:

- GSM baby-monitors/GSM alarm/GSM bugs
- GSM/GPRS/EDGE/3G video cameras

Audio Security

- GSM Spy phones
- GPS Trackers
- Bluetooth bugging devices
- Spy phones with Bluetooth/Wi-Fi
- Wi-Fi/Wi-Max bugging devices
- Wireless videocameras 2.4 Ghz

Detection range is 30 feet

The best in class handheld countermeasure TSCM sweep unit iProtect!

iProtect 1207i | The Multi-Channel Detector of Wireless Protocols

How To Sweep a Room or Vehicle using the iProtect 1207i

Tech Specs:

- Detection range is 30 feet
- CDMA 824-849 MHz
- GSM 880-920 MHz
- GSM (DCS) 1710-1790 MHz
- WCDMA, 3G, GSM (PCS), DECT 1920-2000 MHz
- Bluetooth, Wi-Fi 2400-2480
- Wi-Max 3000-7000 MHz
- Antenna 2 Omni-directional antennas
- Detection distance 1-10 meters
- operation time 10-15 hours
- power 2 AAA
- Box Size 7 x 5 x 1.50
- Unit Size 2.75 x 4.75 x .50
- Weight 1.00
- Detects CDMA, GSM, WCDMA/3G, 4G, Bluetooth/Wi-Fi, and Wi-Max
- Frequency range

Audio Security

Includes:

- Manual
- Cleaning Cloth
- 2 Antennas
- Screw driver
- 2 Batteries size AAA
- Detector
