Introducing the E1090 - the ultimate box for all your storage needs! This Magnetic Stash Box will keep your keys, valuables, or GPS device safe. This container can be attached to any magnetic surface with its powerful magnets. You can feel safe knowing that your things are safe and secure.

No matter what the weather conditions may be, the E1090 Magnetic Stash Box will deliver incredible results. The weatherproof seal keeps your belongings safe from the elements, making them buoyant, crushproof, dustproof, and smell proof. Say goodbye to worrying about your items getting damaged due to harsh weather conditions - the E1090 has got you covered.

One of the standout features of this box is its sturdy and waterproof design. It not only shields your stuff from harm, but it also shields them from rust or water damage. The E1090 will keep your valuables safe and secure, regardless of where you are.

The E1090 is more than just a box to store things. It's a special container that protects your things very well. Anyone who needs a reliable place to store their valuables will appreciate its durable construction and tight seal. The E1090 is a great choice for hiking, camping, or just keeping your keys and GPS device safe.
