

CB-A12500S 500 ft speaker wire features two conductors made of high purity oxygen-free bare copper.

- Length 500 ft (152.4 m)
- Two conductors made of high purity, oxygen-free bare copper
- Comparison to copper-clad aluminum (CCA) conductors
- Impact on speaker impedance and sound quality Superior electrical conductivity
- Minimized resistance and impedance Improved audio clarity and quality
- Reduced risk of signal loss or interference

Upgrade the sound quality of your audio system with the CB-A12500S 500 ft (152.4 m) speaker wire. This speaker wire is 99.95% pure bare copper. Pure bare copper is a better conductor than the copper-clad aluminum (CCA) conductors in most inexpensive speaker wires. CCA is only 68% as strong as pure copper, so it might make your speakers sound bad.

The CB-A12500S speaker wire is a long-lasting and reliable option for your audio needs. Copper conductors give your speakers a strong and clear signal from your audio source. Your audio system will continue to perform at its best for years to come because this wire is oxygen-free.

This speaker wire has enough length to easily connect your speakers to your audio source without any limitations. You can customize your audio setup to your liking with this long length. With its durable construction, you can trust that this wire will last a long time.

The CB-A12500S speaker wire not only offers superior conductivity, but it also boasts a sleek and professional appearance. With a clear outer jacket and color-coded red and black conductors, this wire is easy to identify and install. The transparent jacket also ensures that the copper conductors are visible, adding a touch of modernity to your audio system. Additionally, the wire is lightweight and easy to work with, making it perfect for DIY installations.

Overall, the CB-A12500S 500 ft (152.4 m) speaker wire is a must-have for any audio enthusiast. The pure copper conductors in this wire make it oxygen-free, long, and professional-looking. It will make your speakers sound better and make listening more enjoyable. Upgrade your audio system today with the CB-A12500S speaker wire.
