

RJ45	Wire
1	Blue
2	Orange
3	Black
4	Red
5	Green
6	Yellow
7	Brown
8	White

## Features

- Convert your DB9 female connector into an RJ45 female connector
- Used for modular RS232 RS422 and RS485 connections
- Can be used to make customized serial connections
- DB9 to RJ45 Modular Adapter Female to Female, DB9 to RJ45 Adapter, RJ45 to DB9 Adapter or RJ45 to DB9
- DB9 female serial connector to RJ45 jack
- 28 AWG internal wiring
- Crimped leads snap into jacks quickly for field installation
- Pin outs can be mapped to custom configurations if needed
- Thumbscrews for easy attachment

The Truon CN-CT-CATDB9-FF DB9 to RJ45 Modular Adapter is a cost-effective way to connect terminals, desktops, and network devices. This adapter has a DB9 female connector on one end and an RJ45 female connector. This allows for seamless integration with a wide range of devices and systems, including modular RS232, RS422, and RS485 connections.

One of the main benefits of using the Truon CN-CT-CATDB9-FF is its ability to simplify and streamline your cable plan. Use silver satin or flat oval twisted pair wire to run client server applications without expensive cables or complicated wiring. The Truon Adapter is a cost-effective and efficient option for any network planner.

The Truon CN-CT-CATDB9-FF's simplicity and affordability don't stop there. It's a versatile adapter for a wide range of applications because you can map pin outs to custom configurations. Whether you need to connect RS232, RS422, or RS485 interfaces, this adapter has you covered.
