There are numerous ways to arrange and conceal cables with the TC-WTC2WE decorative cable duct. This tube is suitable for use in homes, offices, and other environments where cable management is important. The TC-WTC2WE is easy to use on walls, desks, or other surfaces.

The TC-WTC2WE cable duct can hide cables and wires, improving a room look overall. The TC-WTC2WE lets you hide those unsightly wires within the tube, making your space look cleaner and more polished. This is particularly useful in home entertainment areas, offices, and other high-traffic spaces where cables are often present.
