The TC-WTC3WE Self-Adhesive decorative cable duct is the perfect solution for organizing and hiding unsightly cables in any setting. You can use this tube to hide cables and improve the place look, regardless of what it's for. The TC-WTC3WE Self-Adhesive cable duct will eliminate the tangled mess of wires in your space.

This cable duct is perfect for hiding many cables at once. It's 3.28 feet (1 meter) long and 0.7874 inches (2 cm) wide. Hidden behind acoustic panels or hung on walls make it perfect for various cable management needs. It not only hides cables neatly, but it also blends in with your decor, giving your space a professional look.

The self-adhesive feature of the TC-WTC3WE cable duct makes installation a breeze. Simply peel off the backing and stick it onto the desired surf
