- Cost-effective solution for cable management

The TW-HKCT15A sleeve is 59 inches (1.5 meters) in diameter and 16.4 feet (5 m) long, giving you plenty of room to fit all of your cords and cables. The outer surface is a sleek, silver finish which is both attractive and functional. This product is great for organizing your home or office, and even helps keep children and pets away from dangerous exposed cords.

The TW-HKCT15A coiled tube is easy to install and perfect for any room in your home or office. It is designed to fit behind your computer, TV, or other electronics, and the flexible design means that you can move it around as needed. Additionally, the zippered closure on the top of the tube provides you with extra protection from dirt, dust, and other debris.

The TW-HKCT15A Cable Sleeve Coiled Tube Management Organizer Sleeve also has several other features that make it even more useful. It has a built-in loop for easy mounting, as well as a loop for attaching to walls and furniture. You can also use the grommet holes to attach the sleeve to tables or desks.
