The CN-FR1B1-WH Cable Recessed Wall Plate is a high-end wall plate solution that is perfect for any modern office or home. Its compact design ensures that it won't take up too much wall space and allows easy access to wire. The single size plate is big enough to fit most cables, while its recessed design makes it attractive and unobtrusive. The wall plate is constructed from high-quality materials and is strong and durable.

The CN-FR1B1-WH Cable Recessed Wall Plate is the ideal way to neatly and professionally organize cables. Its white finish is clean and modern, and it goes well with any décor. The plate is easy to install and comes with 2 mounting screws, making installation a breeze. The plate is also compatible with standard wall boxes, making it great for retrofits and remodels.

The CN-FR1B1-WH Cable Recessed Wall Plate is the perfect solution for any cabling project. Its recessed design keeps cables out of sight, while its large single size can accommodate multiple cables. The wall plate is constructed from high-quality materials that are designed to last, making it a great investment for any home or office.
