

# WIDE APPLICATIONS

Ideal for Indoors and Outdoors Applications

The TW-HKC650F 25 inches (63.5 cm) Nylon Cable Ties are a durable and cost-effective solution for bundling wires and cables. With a maximum operating temperature range of  $-40^{\circ}\text{F}$  ( $-40^{\circ}\text{C}$ ) to  $185^{\circ}\text{F}$  ( $85^{\circ}\text{C}$ ), it is perfect for general use in residential and industrial settings as well as automobile applications.

- 100PCS Pack
- Made with a high-grade nylon material that is resistant to rust and corrosion.
- The maximum operating temperature range increases holding power to secure large bundles
- The 100PCS Pack provides a competitive pricing option for customers
- Ideal for organizing wires, cables, and other components in both industrial and residential settings.
- Perfect for bundling wires in automobile applications.

The TW-HKC650F is a convenient and easy-to-use solution that can be used for all of your cable management needs. The cable ties have a wide long-term operating range that can withstand the extreme temperatures found in industrial and commercial settings. Each cable tie has a self-locking head design that ensures secure closure without any additional tools. The cable ties also have a low profile head that makes them easy to install in tight spaces.
