

Introducing the Vivotek AE-238-wBS outdoor enclosures - the perfect solution for protecting your Vivotek box cameras in outdoor environments. Designed to be compatible with all Vivotek box cameras, including those with wide-angle or long-distance remote focus lenses, these enclosures are the ultimate choice for ensuring the safety and longevity of your cameras.

Constructed from high-quality cast aluminum, these enclosures are built to withstand even the toughest outdoor conditions. With an impressive IP68 rating, they are fully waterproof and dust proof, providing complete protection from the elements. Additionally, they meet IK10 standards for impact resistance, making them durable and able to withstand physical attacks.

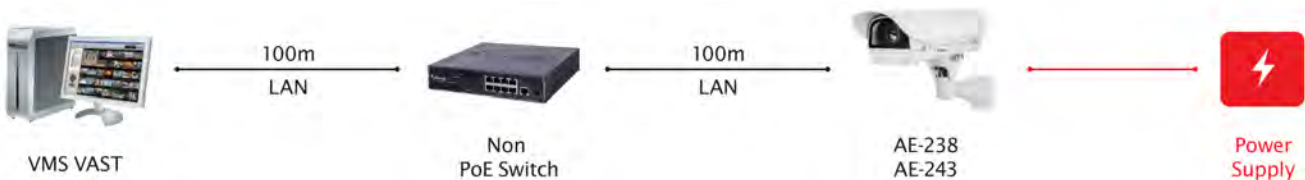

The Vivotek AE-238-wBS outdoor enclosures are a reliable choice for any outdoor surveillance needs, offering both durability and functionality. With their sleek and modern design, they not only provide protection, but also enhance the aesthetics of your camera setup. The enclosures also come equipped with a built-in heater and blower system, ensuring that your cameras can continue to operate in extreme temperatures and harsh weather conditions.

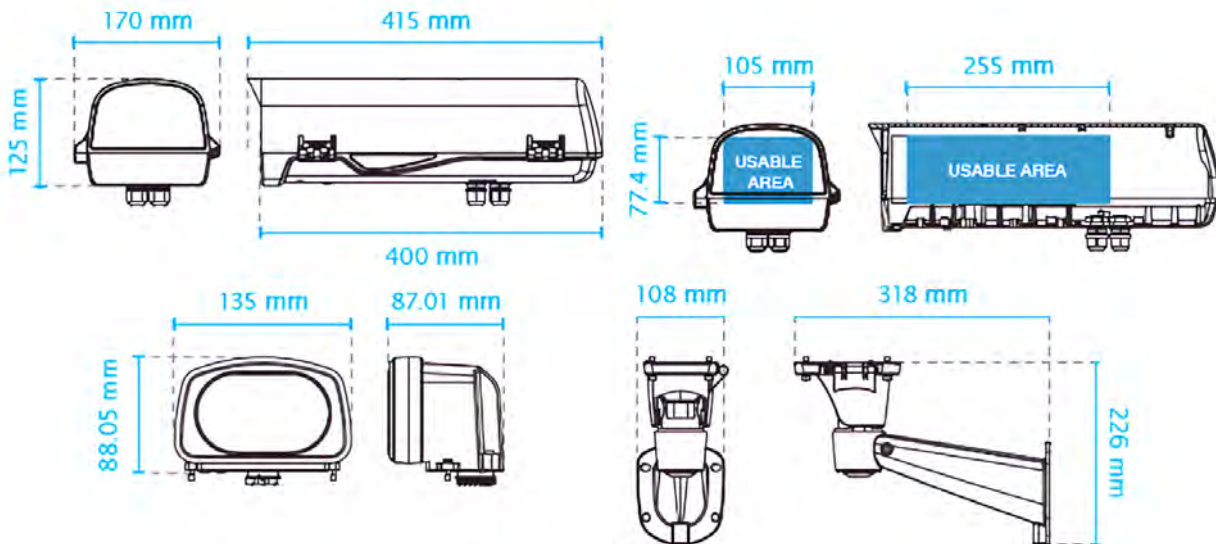

Key Features

- Supporters All VIVOTEK Box Cameras
- 24VAC/VDC Input Voltage
- 30W Max Output Power Budget
- Power Consumption: Window Heater: 10W, Blower: 2W, Camera: 6 ~ 8W, Others: 2W
- Operating Temperature: -4 °F (-20 °C) ~ 149 °F (65 °C)
- Windows Heater ON/OFF: ≤ 86 °F (30 °C) ON, ≥ 95 °F (35 °C) OFF
- Fan ON/OFF: ≥ 104 °F (40 °C) ON, ≤ 95 °F (35 °C) OFF
- IP68 Ingress Protection
- IK10 Vandal Proof
- Aluminum Material

Technical Specifications

Input Voltage	24VAC/VDC
Power Output	AC/DC 24V×1 DC 12V×1
Max Output Power Budget	30W
Power Consumption	Window Heater: 10W Fan: 2W Others: 2W
Operating Temperature	-4 °F (-20 °C) ~ 149 °F (65 °C)
Windows Heater ON/OFF	≤ 86 °F (30 °C) ON
	≥ 95 °F (35 °C) OFF
Fan ON/OFF	≥ 104 °F (40 °C) ON
	≤ 95 °F (35 °C) OFF
Waterproof IP Rating	IP68 Ingress Protection
Vandal Proof	IK10 Impact Rated on Cast Aluminum Housing
