- Increased security and surveillance coverage
- Cost-effective solution
- Protection for the CCTV camera

The CM-207EX CCTV Camera Mount Plastic is reliable and inexpensive. It will improve your surveillance system. This lightweight and sturdy mount is the perfect choice for mounting cameras in an outdoor environment. It can withstand the elements and is easy to set up.

A tough plastic material used in the CM-207EX mount ensures a long service life and a firm hold. The camera mount is compatible with other camera mounts and brackets. A height of 7.5 inches (19.05 cm) makes the mount ideal for capturing any desired spot. There are three knobs on the mount that allow for fine-tuning the camera's position.
