The DB-RING-SOLAR-S Ring® Door Bell Solar Panel is a great choice for those who are looking for a way to keep their Ring products powered and ready to go whenever they need them. This solar panel is compatible with the Spotlight Cam Battery Only and features a weather-resistant design to ensure it can handle whatever Mother Nature throws at it. It also comes with an adjustable mounting bracket for added convenience and a 13-ft. (3.96-m.) cable with weatherproof barrel connector. Plus, it's available in both black and white versions, so you can choose the one that best matches your décor.

The DB-RING-SOLAR-S Ring® Door Bell Solar Panel is the perfect solution for situations where traditional power sources may not be available. It's easy to install, and the adjustable mounting bracket makes it even easier to position the panel in the best position to get maximum sun exposure throughout the day. The 13-ft. cable ensures that the panel is placed far enough away from the Ring product to ensure that it gets the optimal amount of sunlight.
