Compatibility	ASF172X-T1 Thermal Temperature Station Floor Stand

## Dimensions (mm/in.)

The ASF055 is made from galvanized steel construction, making it both suitable for indoor or outdoor use. Its anti-corrosion design is sure to last you for years to come. This floor-stand mount is strong and secure, meaning it won't wobble or move during use. This is great for indoor and outdoor settings, as the mount needs to stay in place for the accurate readings of the thermal temperature station.

In addition, the ASF055 features a unique wall-mount bracket design, which allows for quick and easy installation. This makes it ideal for both business owners and homeowners alike who are looking to quickly install the thermal temperature station. The lightweight but sturdy design of the mount also makes it easy to handle and move when required.
