

The full-cycle Ratcheting Crimper crimps 10-22 AWG insulated wire terminals. This tool features three crimping cavities in one tool with color-coded wire markings for three size ranges of insulated terminals. Crimper design provides low effort to crimp while maintaining a high terminal pull-off force. Built-in ratchet ensures full-cycle crimping for a uniform crimp every time. Compound lever-action of narrow-span handles puts more crimping power into each squeeze. Comfort grips help reduce hand fatigue

Features

- Crimps insulated terminals onto 10-22 AWG stranded copper wire
- Adjustable compound action design puts more crimping power into each squeeze
- Three crimping cavities in one tool: 22–16 AWG (Red), 16–14 AWG (Blue) and 12–10 AWG (Yellow) terminals
- Built-in ratchet ensures full-cycle crimping for a uniform crimp every time
- Unique cavity design provides consistent crimp from either side of the tool Dial adjusts the amount of force applied to the crimp
- Dual-material molded grips provide added comfort

SPECIFICATIONS

Type	Ratcheting Crimper
Application	Wire Crimping
Special Features	3 Crimping Cavities
Material	Steel
Handle Color	Red and Black
Cable Size	10-22 AWG Stranded
Connector Type	Insulated
Overall Length	9" (2.3 cm)
Overall Height	0.09" (0.2 cm)
Overall Width	3" (7.6 cm)
Weight	1.3 lb (0.6 kg)
UPC	092644344008
