- RJ45/11 Crimp tool
- 110/66 Impact Punch Tool
- Wire Stripper
- RJ45 connectors
- RJ45 network cable tester with
- remote loop back plug

The STK-9810 is a great toolbox that can hold all the tools you need. This kit is ideal for use at home, at work, or anywhere else. With the user's manual included, the small termination kit is easy to use for both professionals and amateurs.

Say goodbye to fumbling around and wasting time looking for the tools you require. The STK-9810 features a RJ11/RJ45 crimper that is compatible with Cat5, Cat6, Cat7, Cat7A, Cat8, and other 20-30 gauge wires. This makes it a versatile and essential tool for all your networking needs. The blade guard also helps reduce the risk of injury while maintaining the sharpness of the blades.

One of the standout features of the STK-9810 is its Cable Data Tester. Checking Cat5 and Cat6 cables for proper connection for data transmission is what this tool does. This eliminates the need for additional equipment or guesswork, making the small termination kit is a convenient and efficient choice for any networking project. Please note that this kit does not come with batteries.

The STK-9810 is not just a termination kit, but an all-in-one solution. It comes with a rugged and durable hard plastic carrying case with two locking hinges to keep all your tools secure. This makes it easy to transport and store, ensuring that your tools remain in top condition. The STK-9810 keeps your tools safe and ready to use when you require them.
