Are you in need of a precision tool set for fine electronic work? Look no further than TO-STD-5808, the ultimate 32-piece precision tool set. You won't be disappointed; this handy set contains everything you require for a convenient and successful electronic project.

Whether you're making repairs or simply assembling something, the TO-STD-5808 precision tool set has you covered. This comprehensive set includes 3.5" hip pliers, 4" long pliers, and a ratchet screwdriver handle. Not only that, but it also features a bit head holder and 20 mixed bit heads to accommodate different screws and fasteners. And to top it all off, it includes a pair of tweezers, perfect for those delicate works.

Having all the necessary tools in one package saves you time and effort. No more running to the store for a single bit head or a pair of tweezers. With the TO-STD-5808 precision tool set, all you require is right here in one neat and organized plastic storage box. The box is small and lightweight, making it easy to store and transport your tools.
