Overview

Introducing the ultimate outdoor security solution - The LumiCloud Solar Trailer Luminys LCL-ST4 (max 4 channels). The portable solar-powered surveillance system that is ideal for monitoring outdoor areas is accessible with this one-year license. Constructed for optimal security and efficiency, this state-of-the-art system accommodates up to four surveillance channels.

With the solar panels and battery that come with LumiCloud, you can get power from the sun all the time. This innovative feature ensures uninterrupted operation, even in remote locations with no access to electricity. You can now monitor your property or outdoor events without worrying about power outages or generator failures.
