

- 1/3" CMOS
- 3.6 mm Fixed Lens
- 24 IR LED
- True Day & Night (ICR)
- 1080P Real-Time Image, High Resolution, True Color
- A-HD Lossless Video Output
- Up to 1000 TVL Resolution
- CMOS Progressive Scan, perfectly captures the moving object
- Support OSD menu
- Support motion alarm
- High speed, long-distance, real-time transmission
- Auto color to B / W at low illumination
- Support ICR switch, true day/night
- Support noise reduction function
- IP66 and IK10 ingress protection

The Telpix AIT-C222F-W A-HD Lossless Video Output 1080P Real-Time Image 2 Megapixel Outdoor IR Vandal-Resistant Dome Camera is an ideal choice for any outdoor security system, allowing users to capture fast-moving objects with ease. With a 3.6 mm fixed lens and 24 IR LEDs, it is capable of capturing up to 1000 TVL resolution images with true color. This durable camera is rated IP66 for water protection and IK10 for vandal resistance, making it suitable for even the harshest outdoor environments.

The Telpix AIT-C222F-W delivers excellent performance with its 1/3" CMOS progressive scan, which captures perfectly the moving object and provides true day and night (ICR) capabilities. The high resolution, true color images produce vivid and clear images, with the option for auto color to black and white at low illumination. In addition, it has a noise reduction function to ensure that the output image is of the highest quality.

The Telpix AIT-C222F-W is an excellent choice for any outdoor security system as it offers a high level of performance and reliability. With its 1/3" CMOS progressive scan, true day and night capabilities, high resolution, and noise reduction function, it produces high-quality images regardless of the environment. Furthermore, its IP66 and IK10 protection make it suitable for even the toughest outdoor conditions. With all these features, the Telpix AIT-C222F-W is the perfect outdoor security camera for any home or business.
