

Eyemax AIT-C232FV-W A-HD : 1080p(2MP) Outdoor 30 IR LEDs Vandal-Resistant Dome with 2.8~12 MM Varifocal Lens

- 1/3" CMOS
- 2.8~12 mm Vari-focal Lens
- 30 IR LED
- True Day and Night (ICR)
- 1080P Real-Time Image, High Resolution, True Color
- A-HD Lossless Video Output
- Up to 1000 TVL Resolution
- CMOS Progressive Scan, perfectly captures the moving object
- Support OSD menu
- Support motion alarm
- High speed, long-distance, real-time transmission
- Auto color to Black and White at low illumination
- Support ICR switch, true day or night
- Support noise reduction function
- IP66 and IK10 ingress protection

The Eyemax AIT-C232FV A-HD Lossless Video Output 1080P Real-Time Image, High Resolution, True Color 2 Megapixel Outdoor, 30 IR LED True Day And Night (ICR). Vandal-Resistant Dome With 2.8~12 MM Varifocal Lens, up To 1000 TVL Resolution, 1/3" CMOS Progressive Scan, Perfectly Captures the Moving Object. Support OSD Menu, Motion Alarm, High Speed, Long-Distance, Real-Time Transmission, Auto Color To Black And White At Low Illumination. Support ICR Switch, True Day Or Night, Support Noise Reduction Function, IP66 And IK10 Ingress Protection. AIT-C232FV-W is an incredible piece of technology for your security and monitoring needs. The high resolution of up to 1000 TVL resolution makes it perfect for capturing clear and detailed images, even when objects are moving quickly. It also offers a high-speed, long-distance real-time transmission that will transmit your images with absolutely no delay.

The AIT-C232FV-W camera is also vandal-resistant, which means it's protected against any potential damage or tampering. The 30 IR LED lights provide excellent true day and night (ICR) performance, with auto color to black and white at low illumination. In addition, the 2.8 to 12 mm varifocal lens allows for easy and flexible adjustment of the angle and range of view.

The Eyemax AIT-C232FV-W camera also features a noise reduction function that helps reduce noise and improve image clarity. The camera also supports OSD menu functionality, allowing you to quickly and easily configure the settings.
