

TIB-1232VSL Starlight 1080P 4-in-1 TVI, CVI, AHD, 960H IR Eyeball Camera with Varifocal Lens, IP66, DC 12V

Eyemax TIB-1232VSL is a high-performance 1/2.8" SONY 2 Megapixel 1080P camera that offers maximum flexibility, reliability, and security at a remarkable price point. With TVI 4-in-1 TVI, CVI, AHD and 960H inputs. This camera gives you superb video quality, even in the most demanding environments. The 2 white array LEDs provide a bright and powerful 25m-35m IR Distance Super Starlight for sharp images even in total darkness.

Eyemax TIB-1232VSL also provides outstanding zoom capabilities with its 2.8-12 mm Varifocal Lens. With this lens, you can easily cover a large area with excellent image quality and sharp details. For even more flexibility, the camera offers IP67 Ingress Protection for reliable and safe operation in harsh weather conditions.
