The TIR-0412 HD-TVI Outdoor Bullet security cameras are great for making your home or business safer. The 2 Megapixel (1080p) sensor in these cameras ensures high-definition, crystal-clear images and videos. These cameras offer flawless video footage with a video output of HD 1080P@30fps 25fps. Whether you're using these cameras in the day or night, you can count on them to deliver exceptional performance.

Designed to withstand harsh outdoor conditions, the TIR-0412 HD-TVI Outdoor Bullet security cameras have a weatherproof IP66 ingress protection rating. Because the cameras are resistant to dust, rain, and extreme temperatures, they can be used in any environment. These cameras will keep your property safe and secure, regardless of where you put them.

These cameras have 42 IR capabilities, which means they can take clear pictures and videos even in low-light conditions. This feature is especially useful for surveillance purposes at night, as it ensures that your security system remains effective 24/7. These cameras automatically adjust their settings to give you the best possible image quality.
