The Eyemax XDL-202V HD-SDI(1080P, 720P), 1000 TV Line Over Resolution 2.8-12 mm Varifocal Lens Indoor Dome Camera is an ideal camera for both home and business surveillance applications. With its 1-3 Inch SONY CMOS Sensor Progressive Scanning System, it offers minimum illumination of 1 Lux at F1.2 and 0.1 Lux in black and white.

The camera also comes with various features that will improve the quality of your surveillance footage. It has Digital Noise Reduction (DNR), Wide Dynamic Range (WDR), Backlight Compensation (BLC), High Light Masking (HLM), Auto Exposure Control (ACE) and White Balance. These features will ensure that your footage is sharp and clear with excellent depth of field.

The Eyemax XDL-202V dome camera also comes with Day and Night AUTO (Day  $\leq$  Night TIME Change), COLOR, Black and White Smart IR, Digital Zoom features. For added convenience, the camera is available with DC12V  $\pm$ 10% Only and DC12V AC24V  $\pm$ 10% Dual Power (option).

The dome camera design also makes the installation of this camera quick and easy. The angle of the camera can be adjusted with a maximum horizontal rotation of 360° and a maximum vertical rotation of 90°. This makes it possible to cover all angles of the property, giving you a comprehensive view.
