

- 4MP (2560 × 1440)
- ICR auto-switch, true day/night
- 3D DNR, digital WDRROI coding
- Support local CVBS video output and two-way audio
- Support hardware reset
- PoE power supply
- Support smartphone, iPad, remote monitoring
- Support P2P
- IP66 ingress protection
- Support three streams

This Eyemax NIR-C4042FV-BW Outdoor 42 IR Infrared IP Bullet Camera is a powerful yet efficient surveillance option for any outdoor environment. With a 4 megapixel resolution, 2.8 ~12 mm Varifocal lens, and ICR auto-switch, it ensures crystal clear visuals every time. The True Day or Night feature allows the camera to capture high-resolution images even in low-light or no-light environments, while its 3D DNR and Digital WDR functions provide enhanced image clarity even in challenging lighting conditions. For added convenience, the camera also features Local CVBS Video Output and Two-Way Audio, so you can keep an eye on your premises and communicate with people onsite in real time.

The C4042FV camera features built-in ROI Coding for optimal image processing and supports PoE, DC 12V, and Smartphone, iPad, remote monitoring, which makes it an excellent choice for a wide range of applications. Additionally, it also comes with P2P support for easy setup and IP66 ingress protection for added security. Plus, with a hardware reset feature and support for up to three streams, this robust camera provides an unbeatable combination of performance, efficiency, and security in one neat package.
