

Eyemax SMK-01P HD-SDI 1080p 2 Megapixel Lens Indoor Smoke Detector Case Hidden Camera with 3.7 mm Fixed Pinhole Lens, DC 12V.

- 1/2.8" CMOS
- HD-SDI (1080P, 720P)
- High-definition Serial Digital Interface
- High Resolution (1000 TV Line Over)
- DNR (Digital Noise Reduction)
- Day and NIGHT (ICR)
- Easy Installation
- 3.7 mm, Pinhole Lens
- DC 12V

The Eyemax XHI-SMK-01P HD-SDI High Definition Serial Digital Interface 1080P, 720P High resolution (1000 TV Line Over) 2 Megapixel Shutter Speed 1/25-1/50,000 Lens Indoor Spy Hidden Camera Smoke Detector with 3.7 mm 1/2.8" CMOS Pinhole Fixed Lens is an ideal security camera solution for indoor monitoring. Various innovative features provide maximum coverage and protection.

The XHI-SMK-01P's 1000 TV line resolution and 2 Megapixel shutter speed offer a crisp, clear picture to help provide detailed visuals. The camera is also capable of Auto-Tracking White Balance, which helps to ensure the most accurate colors even in challenging light conditions. Furthermore, the Digital Noise Reduction (DNR) feature minimizes graininess and video noise for optimal clarity.

The XHI-SMK-01P also offers day/night recording, thanks to ICR (Infrared Cut Filter Removal) technology. This ensures that the camera can record even in low light and complete darkness. Furthermore, the camera also has a 3.7 mm 1/2.8" CMOS Pinhole Fixed Lens for an unobtrusive, discreet installation.

The XHI-SMK-01P is an easy-to-install camera which runs on DC 12V. Additionally, the camera unit also comes with a convenient smoke detector disc for optimal discretion and integration. The smoke detector disc blends in well with the surrounding environment and allows the camera to blend into its surroundings.

Overall, the Eyemax XHI-SMK-01P HD-SDI High Definition Serial Digital Interface 1080P, 720P High resolution camera is an ideal surveillance solution for any indoor environment. The camera is equipped with various advanced features which offer superior image quality, discreet installation, and day/night recording. Additionally, the easy installation process and smoke detector disc make this camera even more convenient.
